

**PETITION TO URGE TOUGHER SENTENCES FOR
SEX OFFENCES AGAINST CHILDREN**

To the Honourable Assembly of Saskatchewan in Legislature assembled:

To the petition of the undersigned citizens of the Province of Saskatchewan humbly showeth:

That Saskatchewan people place the highest priority on public safety.

That Saskatchewan people are deeply concerned about the presence of sexual predators that present a threat to our communities.

That Saskatchewan people believe that the federal and provincial governments should take action to strengthen measures that will protect our children from sexual predators.

Wherefore your petitioners humbly pray that you Honourable Assembly may be pleased to cause the government to:

Create a website that provides information about high risk offenders who live in the province or are going to be released into the province;

Take all steps available to speed up the public disclosure process so that communities are alerted to the presence of a known sex offender in their community as soon as possible, and;

Lobby the federal government for tougher sentences for sexual offences against children, tougher measures to keep track of offenders once they are released from a correctional facility, and a review of the Dangerous Offender designation process

And, as in duty bound, your petitioners will ever pray.
